Sharkoon

NiGHTWRiTER

The Nightwriter keyboard features 105 low-profile keys, which are arranged in a classic 3 block layout and have a soft keystroke. 13 additional multimedia keys are easily accessible and positioned over the F-keys. So users can also use the keyboard in a darkened environment, the Nightwriter has a controllable LED light in neutral blue. The flat design of the keyboard, the ergonomically designed wrist rest and retractable feet for height adjustment provides a pleasant working environment and/or playing experience, even after hours. The Nightwriter comes in matte black with a 150 cm long USB cable.
